Burglar Suspect Nabbed in Gas Station

GC Police Fire Shot Through Window; Four Charges are Filed

James Leroy English, 23, of Granite City, an ex-convict, was taken into custody at 11:40 p.m. yesterday, while burglarizing the Olympic Service Station, 20th and Adams streets. The arresting officers were Granite City Patrolmen Sam Avedisian and Gerald R. Pinkerton.

Police fired a single shot through the service station window, after English saw the officers approaching and ran into the restroom. The man, who had a loaded 38 caliber pistol on his person when caught, was taken into custody without returning the fire, police said.

The officers noted the front door of the station had been pried open with a tire tool and a soda machine was open. Recovered by police were currency and change amounting to \$105, including fifty-seven \$1 bills, two \$5 bills, one \$10 bill, 87 quarters, 28 dimes, 52 nickels, a half-dollar, and 50 pennies, and 1 1/2 packs of cigarettes.

Charges filed against English were burglary, unlawful use of a weapon, unlawful possession of firearms and ammunition and no firearm owner's identification card. He remains in custody today pending a hearing.

English was released from Menard State Penitentiary earlier this year, where he was sentenced on March 23, 1967, to serve two-to-three-years on a charge of burglary of the 15 Acres Tavern near Mitchell on Nov. 25, 1966.

The burglary sentence was to be served concurrently with a two-year sentence he had received on an aggravated battery charge. The latter conviction was in connection with the shooting of a man in a tavern in 1966.

Attorneys General Of Six States To Fight Pollution

Illinois Atty. Gen. William J. Scott Will Meet With Attorneys General of Five Neighboring States, Friday, Oct. 24, to Discuss Joint Legal Action Against Pollution Violators Whose Violations Affect More Than One State.

Attorney General Scott will be host for the meeting at 11 a.m. in the Seven Continents restaurant at O'Hare Airport, Chicago.

Attending will be the attorneys general of Wisconsin, Michigan, Indiana, Minnesota and Missouri.

"The attorneys general of these five states have agreed to launch a joint drive against pollution," Scott said. "At this meeting we will explore the possibility of the other states becoming co-plaintiffs with Illinois in suits that affect the welfare of citizens in more than one state."

The regional approach is in line with Scott's expanded efforts to protect the environment in which he has now committed 12 full-time assistant attorneys general and 30 special assistant attorneys general from throughout the state.

Scott said the attorneys general also will give high-level priority to a proposal of the Midwest Regional Organized Crime Council of Attorneys General.

The council is designed for a regional-type attack on syndicated crime. The multi-state crime council will collect, analyze and disseminate intelligence information from the individual states to increase the effectiveness of enforcement in each of the member states.

Terminal Finds Lost Rail Cars in Madison

It Took Nearly Two Hours, But a Record of Illinois Terminal Railroad Finally Located the Lost Caboose and Flat Car Early Friday Morning. It Was Blocking Traffic at 14th Street and Washington Avenue in Madison.

Aldermen Studying Mayor's Proposals

Agree Financial Crisis To Force Cuts in City Services, Expenditures

Granite City appeared headed toward almost certain slashes in payoffs and services today as some aldermen said they see such action as the only answer to the city's desperate financial plight.

Other officials said they can foresee no solution at all to the problem of a mounting deficit that is expected to put the city in the red by more than a million dollars before the end of the current fiscal period next May 1.

The bleak outlook developed as a new blow was dealt the city's downhill financial picture with disclosure Friday that the bulk of a \$170,000 tax commission fee fund from the city treasurer's office would have to be used to meet \$138,780 in sewer repair bills approved for payment by the city council last Monday night.

The tax commission fund, which represents 28% in fees paid the city treasurer's office on local tax collections made by his office for Granite City, township taxing agencies, customarily goes into the city's general reserve fund and then is transferred to other accounts in the regular general fund to pay operating costs.

According to E. R. "Pat" Rich, city treasurer, the commissions for the year's collection amounted to \$170,789, an all-time record. The fund was turned over to the city by Rich on Friday. The treasurer said about \$20,000 of the amount must remain to provide funds for collection operation.

Mrs. Carrier was born Jan. 9, 1869, in Steelville, Mo., where she married Clarence Carrier in 1904. They had three children. She died in 1968. There were no children.

Demo Scrap for Senator Post Seems Probable

An open race for the Democratic party nod as candidate for U.S. Senator in next year's primary elections appeared developing today in a move by Madison and St. Clair Democratic leaders to win state party approval of State Senator Alan J. Dixon as the organization nominee for the senatorial race.

Dixon's entry into the senatorial race came as a surprise to St. Clair Democrats who had assumed State Treasurer Adlai E. Stevenson III would have clear sailing as the Democratic nominee in the primary next March.

Dixon is a Belleville attorney who was elected to the Illinois House in 1959 when he was 23, served there until 1962 when he was elected senator and has served as minority whip in the last three sessions of the General Assembly.

The state senator was placed in the running by Democratic leaders of the 24 Congressional district who issued a statement at Springfield urging the State Democratic Central committee to consider Dixon as the party nominee.

District Includes Quad-Cities

The statement was signed by Mayor Alvin G. Fields of East St. Louis, who is state central committee chairman of the 24th district, but also bore the signatures of Walter T. "Buck" Simon, county chairman of the Madison County Democratic Central committee, and Maurice Joseph, chairman of the St. Clair County Democratic Central committee. The district includes all of St. Clair county and 11 townships of Madison county.

Technical Advisor Named for SIU-SW New Dental School

Dan L. Teague has been named a technical advisor for the new School of Dental Medicine at the Southern Illinois University—Southwestern campus.

He was chosen because of his unique specialized background, says the dean of the School, Dr. Frank J. Sobkowski.

Teague will be a key staff person in advising the school on the selection of equipment for classroom and clinical uses. He will also be responsible for some informal teaching relative to the proper care and operation for the various types of dental equipment. Another task for the technical advisor will be suggestions for modification of buildings at the Alton Center of SIU-SW where the School will temporarily be housed.

The role of advisement on dental equipment is no small task. Teague must review all the literature of the numerous equipment suppliers, attend dental meetings and visit dental manufacturing firms to become familiar with the new advances in equipment that is taking place.

Teague is no stranger to the field. He started in the U.S. Navy where he completed a 16-week course in basic dental technicians training, graduating third in the class of 46.

Later he attended the Navy's Dental Technician Repair School in Bethesda, Md. This 42-week schooling covered maintenance and repair of all types of dental equipment. He ranked second in the class.

From the school, Teague returned to Great Lakes Naval Station where he was in charge of installing and equipping a new 50-chair dental clinic as well as aiding in maintaining all dental equipment in the Ninth Naval District.

In 1966 Teague joined the U.S. Air Force, where he worked in dentistry and later served as a technical representative for the x-ray division of S. S. White, dental manufacturing company.

Teague and his wife, Pat, and their three children, Susan, nine, David, seven, and Jay, four, are residing in Brighton, Ill.

Poor Boy John Offers Sale of Land, Building

Five to six acres of land are being offered for sale by Poor Boy John, West Chain of Rocks road near Route 3.

The property contains a 10,000 square foot metal building with two overhead doors in the rear of the building and was listed as being ideal for a truck terminal, light industrial or manufacturing plant.

The offer does not necessarily mean that the store, now in operation, will be included in the sale according to the store manager.

But he added that if the current store should be involved in the sale, the firm has access to other property and could relocate.

Concert of Chamber Music Set Saturday for Youngsters

A concert for young people will be presented by the Southern Illinois University Chamber Orchestra at the Southwest campus on Saturday, Oct. 13, 9:30 a.m. in the Communications Building theatre.

Although especially aimed at youngsters from the third through the sixth grades, the

concert is open, admission free, "to all young people—from ages 2 to 102," according to Robert Schieber, conductor.

"This is not an ordinary lecture-type children's concert," Schieber explained. "We hope to involve our audience in creating and participating right along with the orchestra."

Included on the program will be Schubert's Unfinished Symphony, Moussorgsky's Night on the Bald Mountain, Beethoven's Overture to Fidelio, Debussy's Rhapsody for Clarinet and Orchestra, and the Mozart Piano Concerto in D Minor.

Two SIU-SW music students will be featured as soloists. They are Gregory Cahill, Collinsville, clarinetist, and Robert Harris, Creve Coeur, Mo., pianist.

Schieber is conducting the orchestra this year while Prof. John Kendall is on sabbatical leave. An assistant professor of music and violist with the Lincoln String Quartet at SIU-SW, Schieber earned his doctorate at the University of Michigan. He has also studied with Goza de Kresz, Albert Lazan, Andre Courte, and Robert Courte.

A former violist with the Florida String Quartet, the Kalamazoo String Quartet and the Western Michigan University String Quartet, he was at one time conductor of the Battle Creek Symphony Orchestra.

Funeral arrangements are given in today's obituary column.

MORE ABOUT Aldermen

With the treasurer's office next year, but that the balance of \$150,000 is available for use by the city.

At the same time it was learned that approximately \$124,000 of the balance will be used immediately to pay the \$100,000 in sewer repair bills due A. H. Seebold Co. for work on the city's deteriorating Naamek area sanitary sewer system—major cause of the city's financial troubles.

Rich said that all other available funds for sewer maintenance, including amounts transferred into a special Naamek Area Sewer account, are virtually exhausted and "the best we could scrape together would be about \$10,000 to \$12,000 out of existing balances."

Thus, he said, about \$124,000 would be needed out of the tax commission fund to make up the rest of the money needed to meet the latest series of sewer repair bills which, according to Mayor Donald Partney, will bring total repair money to approximately \$337,000 more due to Oct. 1.

More Bills Expected
"After that money (tax commission fees) is used," Rich added, "I have no idea where we go from there."

It is probable the city will receive additional sewer repair bills later this month or early in November, that he can see no source of funds available to pay them.

While some immediate relief was provided regular general fund accounts in early October when Rich's office turned over \$297,000 in 1968 funds to the city, Rich said that distribution of this total to the various accounts provided "only a few thousand dollars" to the sewer maintenance fund and that there would be no further tax money available to that fund. In fact, Rich explained, the city can count on very little additional money from 1968 tax collections. He noted that his office, during the local collection period between mid-June and mid-August, collected 93% of the total Granite City township tax bill of \$9.1 millions and that all of this money now has been distributed to the city.

He said Granite City tax books turned over to the county treasurer's office for further collection contains only about \$550,000 in uncollected taxes, and that if all of this amount is collected the city's share would amount to not more than \$40,000 to \$50,000. In addition, this share will not be received until the county treasurer until some time in March.

Partney Suggests Action
Meanwhile, city aldermen are considered projected approaches to the financial problems outlined by Mayor Partney last Monday, in which the mayor suggested an immediate cutoff of all improvement projects and equipment acquisitions curtailed spending in a number of city departments and the placing of all available transferable monies into the sewer maintenance fund.

In addition the mayor told council members to consider the potential of reduced payrolls and services which are almost certain to become necessary to avoid a deficit well over the million mark.

Charles Moerlein, chairman of the council Finance committee, said that he wanted to make a more complete study of the mayor's remarks before making any extended comment, but that he believes reduced payrolls and services "is about the only way we can meet the problem."

Moerlein said, however, that he believes in a different approach to payroll reductions than those suggested by the mayor. While Partney suggested cuts in the police and fire departments as well as other city departments for a total cut of 28 employees, Moerlein said, "I believe we should find some way around cutting such vital services as police and fire protection."

He said he would make further comment after he had studied the problem more thoroughly.

Alderman Paul Rutledge, former Finance committee chairman who is aligned with Mayor Partney on most issues, said that "we all know something must be done. I don't see how we can avoid laying off some workers and cutting some services."

Rutledge attributed the city's financial difficulties in part to continued spending for public improvements and noted that he had warned council members for several years that financial problems would result from continued improvement projects "that we didn't have the money to finance."

"It's easier to get into these messes than it is to get out of them once you're in," Rutledge remarked.

Mayor Partney pointed out in

Percy Opposes Higher Fertilizer Import Duty

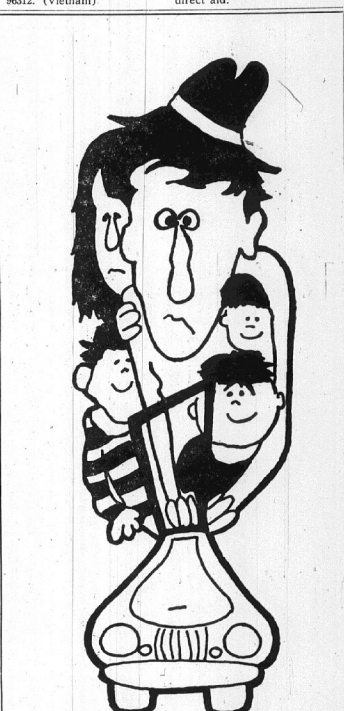

Senator Charles H. Percy (R., Ill.) last week urged the U.S. Tariff Commission to reject higher import dumping duties on potash fertilizer imports from Canada. He said higher duties would raise the cost of fertilizer to the Illinois farmer.

Illinois is the largest user of fertilizer in the U.S. In 1968, Illinois farmers bought 745,330 tons of potash at a cost of \$31 million.

"If additional duties were imposed, Illinois farmers would have to pay \$7 million more for fertilizer this year," Percy said, adding, "Our farmers have not shared fairly in the general American prosperity. Return on investment is lower in farming than practically any other American industry."

"Farm raw material costs have risen, steadily while farm selling prices have declined or have remained basically unchanged. Low-cost potash fertilizer is one item on which farmers have received a reasonable price break in recent years. Let us now not break faith with the farmer."

Percy said higher duties would harm trade relations with Canada. He suggested that New Mexico potash companies, some of whom have called for higher duties, instead apply for direct aid.

Miss Bondegard Becomes Bride of David Nicholson

St. John United Church of Christ was the scene of the wedding Saturday evening of Miss Marilyn Louise Bondegard of Oakland, Ill., and David W. Nicholson of Palatka, Fla.

The bride's parents, former residents of Granite City, are well known here. They are making their home now at 9123 South Massac street in Oaklawn. Mr. Nicholson is a son of E. E. Nicholson and Mrs. Wilburn Stroupe, both of Palatka, Fla.

The Rev. Paul Surbey performed the ceremony at 2 o'clock in the afternoon. Candelights were Paula Danco and Dean Surbey.

Music was provided by Mrs. Paul Surbey, vocalist, accompanied by the organist, Mrs. Irene Barrick. The songs were "Because" and "The Lord's Prayer."

A gown of antique satin was worn by the bride. The high-rise bodice was trimmed with Venice lace clustered around the ruffled collar and cuffs. The floor-length skirt, gathered at the sides, was slightly fuller in the back. A detachable chapel train was edged with a self fabric ruffle and enhanced with more of the lace. A multi-tiered veil of candlelight illusion was attached to a head band of satin and lace. The bride carried a bouquet of white and yellow roses enhanced with yellow streamers.

The attendants, Miss Karen Bondegard, a sister, was maid of honor, and Miss Laura Jensen, Miss Merle Willis, and Mrs. Beverly McLean were bridesmaids. Their gowns of moss green

crepe and daisy patterned sheer lace were identical. They were designed with Empire bodices and large full sleeves of lace with high roll collars and cuff of crepe. A-line crepe skirts were fashioned with built-in train effects and clipped lace motifs encircling the high waists.

Bows of matching crepe held in place tiered bouffant marine veils. They carried single large yellow roses with yellow ribbon streamers.

William J. Griffith was best man, and Charles Smith, Alan Jensen, and Roger Samonek served as groomsmen.

The wedding reception was held in the Fellowship Hall of the church, following the ceremony, and a farewell dinner was given afterward by the bride's parents at Rusty's restaurant in Edwardsville for the bridal party, relatives and out-of-town guests.

Mr. and Mrs. Nicholson will make their home in Palatka, Fla., after a honeymoon in that state.

The former Miss Bondegard is a 1968 graduate of Granite City high school, and prior to her wedding was employed by a Chicago bank. Mr. Nicholson graduated in 1962 from Hernando high school in Brooksville, Fla. He is employed by a paper mill in Palatka.

Among the out-of-town guests here for the wedding were Mr. and Mrs. Wilburn Stroupe, father and step-mother of the bride, who moved to Florida, Mr. and Mrs. Paul Larson, the bride's grandparents, of Minneapolis, Minn., and her uncle, the Rev. Robert V. Thompson, 1919 Edwardsville road, and Mrs. Mildred F. Kutz, 216 Hampden street, Venice.

'BACKWARDS' HIKE FOR BROWNIE SCOUTS

A group of 97 Brownie Scouts of Neighborhood Two, representing five schools, Emerson, Logan, McKinley, St. Joseph and Washington, went on a backwards hike Saturday, assembling at St. Joseph and walking to Wilson Park for a "nosegay" lunch and an outdoor fun day.

All leaders, Mrs. Maxine Barnstable, Mrs. Pat Blackwell, Mrs. Loretta Conley, Mrs. Pat Doy, Mrs. Irene Nelson, Mrs. Mildred Proffitt, Mrs. Jackie Rice, Mrs. Pat Rigney and Mrs. Gloria Wofford, and the scouts wore their clothing in reverse and met at Shelter Five at the park for a song festival, games and a recreational period.

This is one of many activities that the neighborhood plans in the Spring and Fall for all levels of girl scouting. Mrs. Doris Wood is chairman for Neighborhood Two.

Warriors Lead SW Conference with 34-8 Homecoming Win over Oilers

STEVE GANZ PREPARES TO PLOW with the ball into Oiler Roy Morris. Morris developed into a standout quarterback last year under the coaching of Wayne Williams, the current Granite City coach. Warrior Jim Greenwald (left) moves to block Oiler Greg Burk (44).

MEHEICK STRIKES OILER. Warrior Frank Melhick (No. 65) tackles Oiler quarterback Roy Morris from behind. Granite City's Steve Stagner (30) and Jim Greenwald (33) absorb an Oiler block. Warrior Kim Gauen (82) is in the back ground.

The Fighting Warriors stand alone as first with a 3-0 Southwestern conference record after sinking the Wood River Oilers 34-8 at the Granite City homecoming game Friday evening.

Also Friday, Edwardsville was knocked from a first place tie, losing to East St. Louis 32-6, Belleville-West downed Collinsville 35-0, and Alton played out of the conference.

Warrior Joe Wallace opened local festivities with a kickoff into the end zone. The Oilers, unable to gain a first down, assumed punt formation, but the hike was off target and the punt was blocked.

Ramon Rutledge recovered for the Warriors 21 yards from a goal.

Quarterback Dave Evans rolled out and pitched to Steve Ganz, who followed the sideline to the touchdown.

Wallace's toe earned the extra point.

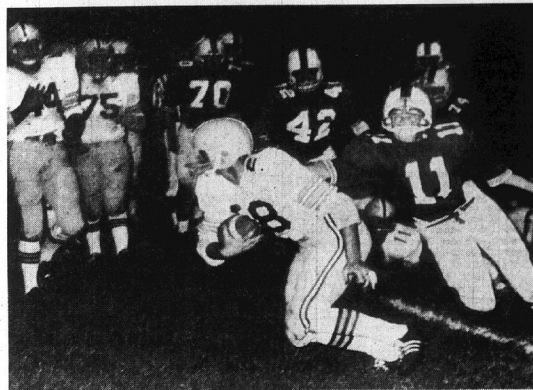

The kickoff again went to the end zone. Wood River gained only three yards and punted.

The Warriors made three first downs then, punted to the end zone. The Oilers tried two quarterback keepers then fumbled for Granite's Dan Suchich to recover 29 yards from the goal line.

With the help of a pass interference penalty, Ganz carried four times, the fourth carry up the middle from the four yard marker was good for the goal. Wallace divided the posts for the point-after conversion.

The kickoff entered the end zone once more. The Oilers made a first down but were unable to earn another, handed over the ball with one second to go in the opening quarter.

THE HARRIS TOUCH. As Warrior Don Harris 11 prepares to grab Oiler Terry Forrester (28), it appears Forrester is looking to his teams for help who answer, "Who me?" Warriors in the background are Ramon Rutledge (70), Dan Suchich (42) and Mark Mizerski (74).

SOUVENIR HUNTERS celebrate Granite City's homecoming game victory over the Wood River Oilers Friday night by grabbing decorations off the goal posts.

Penalties Hold Trojans To 0-0 Tie at Mater Dei

Madison gained 326 yards and the Mater Dei Knights netted 126 yards to play to a 0-0 tie Friday evening at Breese.

The statistics tell little about the game, but the field officials were lodged for penalties totaling 15 yards, while the Knights lost only 25 yards in penalties.

Most of the game's action was in mid-field. Scoring threats from within 20 yards of a goal came from Madison three times and once when the Knights recovered a fumble.

Rushing success was focused as expected, on Dwayne Shaw and Harold James. Against the Knights, using a 6-3 defense, Shaw carried 185 yards in 28 carries and James powered 98 yards.

The Knights best man on the ground, Henry Hummert took 76 yards.

The Trojan defense, again showing evidence of being one of the most successful in the region, allowed four passes for 36 yards in 16 attempts and intercepted two.

Mater Dei took eight first downs and punted on three occasions for an average 22 yards.

The Trojan offense, with quarterback David shared by Doug Smith and Austin Lewis, ground out 14 first downs, passed once for 12 yards in five tries, lost two fumbles and averaged 44 yards for two punts.

Trojan coach Al Vander Haar commented, "This is the first ballgame in two years (since

SIU-SW Cougars Tie Quincy College 3-3

In a hard-fought rain which turned the Quincy soccer field into a quagmire Saturday, the SIU-SW Cougars played the Quincy College Hawks to a 3-3 tie. The score resulted in an overall 4-1 season record for the two perennial powerhouse squads.

The Cougars are third behind St. Louis University and Michigan State University in midwestern rankings, with Quincy fourth. The local soccer squad rates seventh nationally.

The Cougars will play a 4 p.m. match Wednesday at home against Harris Teachers' College and will travel to Greenville College for a 1:30 p.m. contest Saturday.

Game Rained Out

The Mendoza Sporting Goods soccer team's Metropolitan League game planned for Sunday at the St. Elizabeth field was rained out. On Wednesday at 8:30 p.m., Mendoza's will face the Kutis Juniors at Carondelet Park in St. Louis.

Triplicate Series

Charlie Sartin bowled a triplicate series of 164, 164, 164 Saturday at Bowlard in the Moose & Spouse league. He will receive a shirt patch for his efforts. He has a 179 average.

SIU-SW Baseball Squad Fall Drills under Way

Coach Roy Lee got a first look at the talent pool he will be working with next spring when 106 baseball players turned out for workouts last week at Southern Illinois University-Southern campus.

Back are sixteen lettermen who paced the Cougar baseball team to a 1968 season record of 11 victories, 14 defeats and one tie. Heading the lettermen is team captain, Dan Weaver, hard-hitting senior from Alton.

Carl Perkins, a spring vacation tour, in which the Cougars will play in Mississippi and at New Orleans. SIU-SW has scheduled 30 games.

Lost by graduation were first baseman Gary Collins, who played at Roxana high and signed a St. Louis Cardinals contract, and catcher and team captain Bob Reichert of Belleville.

The largest contingent of hopefuls are from either the city of St. Louis or St. Louis county schools. These include veteran shortstop John Belk, and infielder Jack Forstall, both of Jennings, and hurler Jerry Plucher, of St. Louis.

Also from St. Louis are two transfers from Florissant Valley Junior College, first baseman Timmy Thies and outfielder Morry Bierman. Thies hit .324 and was chosen on the junior college all-conference team. Bierman hit .324 also and was picked on the conference second team.

Other St. Louis area prospects and their high schools are: Dan Cole, Normandy; Mark Trimble, McCluer; Kevin Weaver, Riverview Gardens; Steve Horner, Normandy; and Larry Green, Rosary.

The Alton and Wood River area has a large group contending for spots on the varsity. From Alton are: Captain Weaver, Jack King and Danny Joutet. From Wood River and Roxana are: Randy Stormer, veteran third baseman; Mike Scrogins, Dave Reddin; Mike Putnam, and Robert Hoffman. From Kane, Ill., is Bob Meuth, who hit .325 for Jersey community high.

Granite City, with three lettermen back on the SIU-SW squad, can have as many as four starters on the 1970 Cougar team. Two hurlers, Bruce Thompson, senior, and sophomore Don Rains, should be regular pitchers, and Carl Benson, a junior who led SIU-SW hitters as a freshman, could lead one of the outfielders' spots. Freshman Roger Belshe is a standout catching prospect.

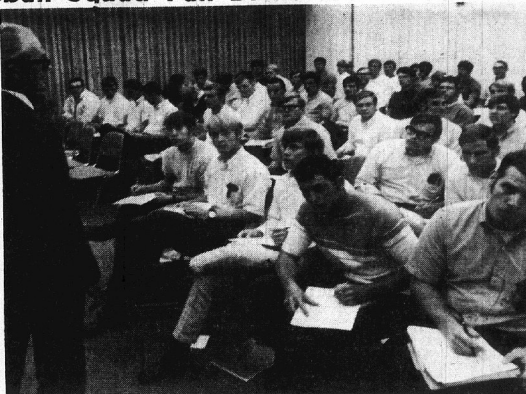

Robert Lewey and Larry Waterford also appear to have good chances of making the squad. Don L. Bunk, freshman from Madison, is also a possibility.

Belleville furnished five prospects, including standout second baseman Lee Schutzenhofer, a junior. Others from Belleville are Richard Keefe; Ken Kabureck; Mike Hagarty and Gary Gansman. Keefe and Gansman prepped at Althoff high, Hagarty at Assumption and Kabureck and Schutzenhofer at Belleville West.

Four players who played their high school baseball for Cahokia are Steve Walker; John McNeil; Jerry Davidson, and Jim Dunn. Collinsville residents trying to make the Cougars' team are veteran outfielder of Highland, Jerseyville, Mount Olive, Roxana, Triad and Wood River.

Qualifiers from Alton, Quincy and Springfield Southeast districts will advance to the Springfield Southeast sectional cross-country run, with the 24th annual IHS state final barrier meet following at 10 a.m. Saturday, Nov. 1, on the Savoy golf course of the University of Illinois, south of Champaign.

FALL DRILLS FOR SIU-SW BASEBALL TEAM. One-hundred-and-eight prospective members of Coach Roy Lee's Southern Illinois University baseball team turned out for fall drills. The drills, which will help Coach Lee get a line on candidates for his 1970 SIU-SW baseball squad, will last for two weeks. Players from the Quad-City area are: Roger Belshe, Bruce Thompson, Don Rains, Carl Benson, Robert Lewey, Larry Wayne Frazier of Granite City and Madison's Don Bunk. Next spring the Cougars' baseball team will play a 30-game schedule, including a nine-game southern trip to Mississippi and Louisiana. This will be the first year for post-season tournament bids.

Others are: Steve Knipp, pitcher, Trenton, Ill.; Terry Pahde, Mt. Olive, Ill., who high school team, Joe Brennan, Elmo, Ill., batted .325 last prospect from Winfield, Mo., spring as a high school senior; completes the list.

Don Best, outfielder, Staunton, Ill.; Robert (Tank) Plummer, first base, Litchfield, Ill.; Jack May, a good left-handed hitting outfielder from Troy, Ill., hit .367 for Triad in 18 games; his prep senior year, and John Goddard, a junior from Washington, Ill., can pitch and play the outfield.

From Vincennes, Ind., is freshman Robney Cole, an outfielder, who lettered four years as a member of the Lincoln High school team. Joe Brennan, Elmo, Ill., batted .325 last prospect from Winfield, Mo., spring as a high school senior; completes the list.

Waterford's four candidates are all veterans and lettermen: infielders Al Weber and Mike Allaria, and hurlers Don Poon and Maurice Sanderson. Three Gibault high grads, Waterford's brothers, John and Tom Toal, plus Columbia's John Conrad, have looked good in the Cougar lineup.

Two Marion, Ill., area prospects, Steve (Bunzo) Malone and Dave Hays are bound to boost SIU-SW's chances on the diamond. Malone won a starter's spot as a left-handed pitcher for the Cougars and Hays can catch, play third and has pitched some, too.

Valmeyer, a hot bed of baseball interest, has furnished three outstanding prospects, including a pair of veterans, right fielder Ron Rohlfing and catcher Willis Bundy, and Ted Goldschmidt, who lettered for Belleville Area College.

Twelve other standout prospects complete the list of hopefuls trying out for the 1970 SIU-SW baseball team.

Fastest of all the 106 players and from his high school record one of the brightest prospects is Centralia's Jan Dishinger. He has consistently won all of Coach Lee's running tests and has displayed a better than-average arm in throwing

Passes Click, Gators Down Webster, 34-14

The Grigsby Gator football team swept over Webster of Collinsville 34-14 Saturday afternoon on the Granite City high school field.

Webster took the lead in the opening period, scoring on a five-yard plunge and successfully running a two-point conversion.

In the second quarter, Gator Quarterback Clay Winfield passed 18 yards to Dan DeRuntz for a TD. The two-point run fell short.

Before halftime, a 45-yard pass play from Winfield to Tim Spiker set up a seven-yard TD on a quarterback-keeper sweep by Winfield. The two-point run was not converted, leaving the score 12-8.

During the third period, Winfield threw 20 yards to Spiker in the end zone, the subsequent run again failing.

Winfield in the final quarter tossed 21 yards to DeRuntz for six points and repeated the same combination for the extra points and a 26-8 lead.

Webster returned the kickoff 85 yards for a TD and Gator John Schoeder's pass interception and 55-yard carry put Winfield in position to sweep again for the final TD. A two-point pass from Winfield to Donny Woods followed.

298 Game Worth \$1.25 a Pin Here

Scotch-doubles bowling was won by Raymond Landis and his wife, Janette, at the Bowlard lanes Saturday night.

While competing in the Guys and Dolls league, Landis rolled a 298 game, missing the No. 1 and 2 pins on his final throw.

Normally, both members of the two-person team take turns bowling, but because of the near-perfect game Mrs. Landis did not have to submit a score.

The requirements for winning a \$75 prize, which had been growing for six months, was to bowl a game 87 pins better than the two-person average. The Landises needed only a 250.

Demo Scrap

Madison County, including the Quad City area, is the focus of a demonstration scrap drive.

At the same time, Democrats continue to consider the possible candidacy of Lt. Gov. Paul Simon of Troy, who has not closed the door on such a possibility. Simon has said he is available if the party chooses him.

Some Democrat leaders believe Stevenson will run for the senator nomination in Illinois regardless of whether he has the party's blessing, a situation that would be certain to split the Democrats in a primary battle.

The post subject to election is that now held by Ralph T. Smith (R-Alton), who was appointed U.S. Senator by Gov. Ogilvie a month ago. Smith filled the vacancy created by the death of Everett M. Dirksen, but since the term does not expire until 1974, the office will be open to election for the remaining four years in next year's balloting. Smith has already said he will be a candidate for re-election on the Republican ticket.

To Pick Speaker

Meanwhile, Republican leaders were to meet in Springfield today to select a speaker of the House who will succeed Smith. Speaker Smith was Illinois House speaker for the past two years.

Democrats intend to fill the post before tomorrow's scheduled opening of a brief special session of the Illinois Legislature.

Democrat leaders of Madison county staged their formal annual "JFK" champagne dinner — strictly a social event — in the Venice-Madison American Legion Post hall at Venice last night, with more than 400 persons attending.

The affair included a \$25 per plate dinner — with champagne — dinner music during a two-hour cocktail party and dancing following the dinner. While the affair was held to raise campaign funds, the only political touch to the program was the introduction of incumbent county officials.

There was no speaking. Leaders of both parties anticipate an early beginning of the primary election campaign, which will be a new state law, already signed by the governor, which advanced the next year's primary election date to the third Tuesday in March, rather than in June.

U. S. Agent Explains Gun Control Act

"The Gun Control Act of 1968 was passed by Congress to help federal, state and local law enforcement officials in their fight against crime and violence," Donald W. Kline, IRS Alcohol, Tobacco and Firearms Chief Special Investigator for Illinois and Wisconsin said today, adding that it was in no way intended to hinder the activities of hunters and sportsmen.

As an example, Kline said hunters and sportsmen can purchase ammunition in any state, and likewise can carry their own firearms across a state line as long as they are not convicted felons, or under indictment for a felony; fugitives from justice; unlawful users of drugs; or mental incompetents.

"Further, Kline said hunters, sportsmen, competitive shooters, or anyone legally using a gun in a state other than his home state can acquire another firearm if his rifle or shotgun is lost, stolen, or becomes inoperative.

He said the law requires only that the buyer in these circumstances make out an affidavit for the dealer's records, and provide the dealer with the title of the chief law enforcement officer in the locality where he lives.

Deadline to Register for Con-Con Vote is Friday

Three special registration centers will be conducted in the Quad-City area this week to complete a series of 19 such special centers arranged to register new voters and update existing voting records for the Nov. 18 election of delegates to the Illinois Constitutional Convention. Friday is the deadline for registration for that election.

The special registration centers are being conducted by the office of County Clerk Eulalia Hotz as a convenience to voters who otherwise would have to go to Edwardsville to register at the county clerk's office. Sixteen registration periods have been conducted in various locations of the Quad-Cities during the past two weeks.

Special centers to be opened this week to end the registration period will include registration at the First Granite City National Bank on Friday from 4 p.m. to 8 p.m.; at the Thurber Agency, 1805 State street, from 9 a.m. to 8 p.m. Friday, and at the New Way grocery, 1051 Douglas street, Venice, on Thursday, from 10 a.m. to 5 p.m.

Persons qualified to register as voters, Miss Hotz said, are

those who will be 21 years of age on or before Nov. 18, are a citizen of the United States and have lived in the state one year, the county 90 days and precinct 30 days.

Miss Hotz suggested that voters already registered should have a pink registration card showing an expiration date of July 31, 1972. If they do not they should contact the county clerk's office to determine the status of their registration, she said.

Voters who have the pink card but who have changed their address may make notice of the change by noting the new address on the reverse side of the pink card and mailing it to the county clerk's office in Edwardsville.

In the Nov. 18 election voters of the 3rd Senatorial District, which comprises the four Quad-City area townships and six other Madison county townships will elect two delegates to the Illinois Constitutional Convention, which is to convene in Springfield Dec. 8.

The two delegates will be chosen from among four nominees selected during the Sept. 23 primary balloting held throughout the district.

Halloween Party Set

Plans for a Halloween masquerade party on Oct. 25 were announced at a meeting of Tri-City Council 1068 of the Knights of Columbus at a meeting Thursday night.

Admission will be 50 cents, with proceeds to be contributed to a charitable organization. It also was announced that the first degree of the order will be conferred upon new members at the next meeting on Oct. 23.

A report on successful operations of a K. of C. booth at the United Fun Fair was made by Stephen Saltch Jr. Robert McCormick, AFL-CIO community services representative on the United Fun staff, reported that the Fun Fair made a profit of more than \$8100 and more than 10,000 persons attended.

The meeting was conducted by Edward Trittsch, deputy grand knight. A lunch was served.

Redbird Official Hints More Trades Likely

An opportune appearance by a Cardinal baseball official at a Granite City Optimist meeting Thursday enabled club members to gain details first-hand of the seven-player trade made by St. Louis and Philadelphia the previous day, which sent three top Redbirds to the Phillies.

Acquired by the Cardinals were right-handed slugger Richie Allen, infielder Cookie Rojas and pitcher Jerry Johnson for Redbird outfielder Curt Flood, catcher Tim McCarver, pitcher Joe Hoerner and outfielder Byron Browne.

Addressing Optimist members at the Rose Bowl restaurant Thursday afternoon, Ken Daut, Cardinal director of community relations, noted that since announcement of the trade, Flood has stated he will retire as an active player. The baseball official commented that he believes "Curt probably will go to the Phillies after re-assessing the situation. It is pretty hard to turn down the top salary he will be getting." Daut noted Flood reportedly made \$90,000 per year as a Redbird.

Should the 31-year-old outfielder who came to the Cards in 1957 from Cincinnati refuse to join the Philadelphia club, Daut said a decision on the status of the trade will be necessary by Baseball Commissioner Bowie Kuhn.

Daut hinted at future trades by the St. Louis team which finished fourth in the National League Eastern Division after pre-season predictions cast them as overwhelming favorites to repeat their 1968 pennant winning performance.

Questioned specifically on prospects of trading third baseman Mike Shannon, Daut's official replied, "It is a possibility." He noted that first baseman-catcher Joe Torre could play the third base position, or replace traded Tim McCarver behind the plate.

Attending the luncheon session with Daut was Mike Bertani, Cardinal ticket director. Ted Ellerman, Optimist vice-president and program chairman, introduced the two guests. Thirty-eight members were present, with John L. McDonald, president, conducting the business session.

Hospital to Set Cornerstone In Ceremony next Saturday

A special, public ceremony for the cornerstone laying at St. Elizabeth Hospital's new eight-story wing will be held at 11 a.m. next Saturday on Iowa street near 21st street.

The cornerstone is to be placed temporarily above the new ambulance entrance on Iowa street and will be set permanently at a later date.

John Rendelman, chancellor of Southern Illinois University-Southwestern campus and a member of the hospital's governing board will be the guest speaker.

Others on the program will include Chris Kacaleff, president of the Lay Advisory board, as master of ceremonies; Rev. Paul Surbey of St. John United Church of Christ; Lyle F. Guley, president of Granite City Steel Co. and vice-president of the hospital's governing board.

and Sister Mary Thomas, hospital administrator.

Items to be placed in the cornerstone include Old English scrolls listing all contributors to the \$11,000,000 expansion and modernization program; the governing and advisory board members, the medical staff, employees, the nurses, the candy strippers, pink ladies and hospital auxiliary members.

As an added feature, a copy of the winning essay by a hospital employee on "What Will St. Elizabeth Hospital Look Like in 100 Years?" will be placed in the copper box to be inserted in the cornerstone.

Judging of the essays is taking place today. Additional items to be placed in the stone are souvenir pictures and articles on this year's current planning and a copy of the current Press-Record.

Federal funds totaling \$96,896 have been distributed to the school districts of the Quad-City area for reimbursement of salaries of vocational teachers employed on vocational education programs under the Federal Vocational Act. Trimpe said vouchers have been sent to Granite City School District 9 in the amount of \$74,708; to Madison School District 12 in the amount of \$22,234 and to Venice School District 3 for \$279.

Army Nurse Corps has New Promotion Plan

The Army Nurse Corps has announced a new promotion program for newly commissioned nurses, which became effective recently, and places additional emphasis on professional education and experience in determining the rank a new Army nurse will receive on entering active duty.

The new qualification system gives additional credit to professional nurses with advanced degrees and broad nursing experience and makes it possible for them to be commissioned as captains or major.

Qualifications for a commission in the Army Nurse Corps include being a registered nurse, male or female, between 20 and 33 years of age, single or married and in good physical condition. Each applicant's qualifications are reviewed by the Surgeon General's office where a final determination is made on eligibility and rank when commissioned.

Complete details on the Army nurse program can be obtained from Sgt. Morris L. Cook, the local Army recruiter, at 1206 Niedringhaus avenue.

State GOP Committee Endorses Smith for '70

The 24 members of the Illinois Republican State Central Committee, in an unprecedented action, have pledged support of the candidacy of U.S. Senator Ralph Tyler Smith in the March 1970 Republican primary and in the November 1970 general election.

Republican State Chairman Victor L. Smith called the move "an indication of the broad party support of Gov. Ogilvie's appointment of Senator Smith and a testimony to the Senator's outstanding abilities."

Gov. Ogilvie named Ralph Tyler Smith, a former Granite Cityan, to fill the Senate vacancy created by the death of Senator Everett Dirksen. Smith was former Speaker of the Illinois House of Representatives.

State Chairman Smith noted that each State Central Committee "has written pledging support for Senator Smith. It is a symbol of the unity of our party and a tribute to Ralph Smith who has over the years written such an impressive record of service and achievement."

Chairman Smith said that the County Chairmen of two Congressional Districts have already endorsed the candidacy of Senator Smith as well as that of Ray Page for re-election as state superintendent of public instruction and Cook County Treasurer Edmund J. Kucharski for state treasurer. The 15 county chairmen of the 23rd Congressional District and the 13 chairmen of the 20th Congressional District unanimously endorsed their candidacies in meetings last week.

"Ralph Tyler Smith, whose fearless approach to the issues has earned him respect from both sides of the political aisle, is important to our state and our nation in these critical times," said Chairman Smith.

"The Republican party will enter 1970 as a cohesive entity and with a fierce determination to maintain a unity of purpose throughout this most important election year," he concluded.

RESPECT SOUGHT ALONG WITH ADEQUATE SALARY

To the Editor:

In regard to a letter published in The Forum Sept. 25 where a "disillusioned parent" stated that teachers lost respect through the recent dispute with the school board, I'm afraid I must disagree with this writer.

How can you lose something which you never had to begin with? I believe respect is one of the issues that teachers are fighting for.

If parents and other citizens in this community held much respect for teachers, they would not have to fight for it. The cost of living has increased tremendously and, in my opinion, they are entitled to a salary commensurate with their educational background and responsibilities.

Many dedicated teachers admit they would enjoy the profession much more if their prime purpose was to teach.

However, one must be a baby-sitter, father adviser, counselor, policeman, provider, etc. in addition to giving instruction to children in many phases of education.

Dedication is a mark of honor but it doesn't pay your bills or feed the mouths of your dependents.

Incidentally, I am not a teacher.

GRANITE CITY WOMAN

KINDNESS OF SERVICE STATION OWNER CITED

To the Editor:

We are writing your newspaper to tell the folks in the southern Illinois area of an outstanding act of kindness performed by one of your citizens.

While traveling through St. Louis I stopped to call a friend from a service station owned by a Mr. Camren. Somehow I lost my wallet, full of credit cards,

money and the usual important papers.

Mr. Camren found the wallet, obviously owned by a stranger, a tourist who would not be in the area. Mr. Camren and his wife, phoned me long distance assuring me my wallet was safe and paid for the call with no assurance of repayment.

Then Mrs. Camren mailed my wallet to me, complete with papers and money, again paying for the postage.

Sometimes folks today believe that the public on the street is full of crooks.

I suggest that the trouble is caused by a few, that the majority of us would like to be helpful and kind—if only we had the courage—and that "that other guy" whom we fear on the street is probably in turn fearing us just the same.

It is wonderful when a citizen has the courage and the kindness to step up to help a stranger.

I want to reimburse the Camrens couple for the kindness to step up to help a stranger. I hope you'll print this letter so that others in the area will know of the kindness of the Camrens. We sure thank them.

FAVORS ACCESS ROAD TO MARYVILLE TERMINAL

To the Editor:

The heavy population is moving east from Maryville road.

We do not need another "dead-end" such as you suggest by running it along the railroad between downtown Granite City and Pontoon road (Gr. 6 editorial, "Temporary Loss of Route Severely Problem; Third Artery Will Be Needed").

It would be a dead end for the city. It would suggest widening houses avenue and then use the old street car right-of-way to Maryville road at Terminal avenue.

not survive the war and were not overly concerned with club prices does not minimize the seriousness of the crimes which have been charged.

In addition to revocations of medals received by participating officers and non-commissioned officers, there ought to be full prosecution and punishment with steps taken to end improper service club practices and prevent any recurrences. The reputation of the Army and the nation are at stake, regardless of the fact that non-tax funds were involved.

City Officials Must Find a Workable Solution to Fund Imbalance—and Soon

A few of the potential cutbacks in city services outlined by Mayor Partney may not be feasible but he is right in dramatizing the seriousness of the municipal financial imbalance, much of it stemming from unexpected and costly sewer breaks.

With the Levee District successful in obtaining more than \$1 million in federal disaster funds to repair a Centerville sanitary sewer line and the Madison stormwater line near its pumping station at the Army Depot, due to the heavy rains this summer, city officials may wish to redouble its efforts to qualify for U. S. assistance. Its application certainly is entirely justified and should be acted on favorably in Washington.

Use of sewer reserve funds is probably a partial relief but sewer repair costs this year already total \$537,000 and are rising rapidly. Deficits have begun to develop in a number of city accounts, balances in other funds are low, and a big bath of "red ink" seems unavoidable even if present rates of spending are revised.

Political considerations should be set aside, and all Granite City officials with responsibility in the matter should help devise and support a realistic solution. There is no time to lose; positive and constructive action is imperative and urgent.

I'm a Good Driver—But Please Don't Ask Me to Prove It in a State Test

How skilled are Illinois drivers? Most of us might give ourselves a high rating, but the new state re-testing program is proving otherwise. The failure rate on initial re-tests is about 27%.

Motorists have three chances within a one-year period to pass the driving test, which includes not only ability to handle an auto in varying circumstances but knowledge of traffic laws. The program undoubtedly is sound, because traffic casualties and damages caused by traffic violations as well as lapses in skill, reflexes and judgment.

Technically, most drivers can claim good records. More than half of Illinois motorists have never had a traffic accident, and another 1,500,000 have received only one ticket.

But many get nervous or overconfident when reporting for examination of their eyesight and reflexes. They are not used to the test, and their efficiency during a test drive. And others have just been lucky—they have had no accidents or crashes but do have driving faults or "slips" which make them troublesome to them and others in the future.

Unless they collectively begin performing better, the federal government, which controls many highway dollars distributed to states, may require Illinois to double-check drivers every four years instead of the nine-year program currently in progress.

Quite a Party by Party of the 'Pour'

One of the developments of the 1960s was a shift of many of the big political contributors to the Democratic party from the Republicans, with the latter party increasingly relying on mass mailings and "red ink" gifts. The reversal of party images has not been total, but the \$25-a-plate champagne dinner of Madison County Democrats here last night was a sign of something. Or was it merely a group of baseball enthusiasts still deliberating the pennant victory by the New York Mets?

ing, the Chinese Communists condemned the Soviet Union's decision to withdraw its troops from Czechoslovakia by name as enemy forces that would have to be overcome.

Nevertheless, I feel we should continue taking new initiatives in trying to remove a nation of 750,000,000 people from an "outlaw" condition. Outlaws are dangerous.

There is less hard evidence which to base our estimates for Communist China than for any other major nation in the world.

Rarely do estimates vary by as much as a hundred million people, though it is agreed that the annual population increase must be well over 15 million people.

Over 20% of the population continues to live in provinces that lack the rail lines and evidence seems to indicate that the actual size of the economy today, to support the much larger population than a decade ago, is not much above that level.

There is no clear evidence that China's present leaders really have the capability to develop an economic system that will be as effective as that of the United States. In view of China's internal problems, the lack of economic development, the unstable political hierarchy, the deep and bitter animosity with the Russians, and the forces on the Sino-Soviet border, it is hard to see why the United States

1848 Constitution Sharply Reduced Powers of the Illinois Legislature

(Part of a Press-Record series on the Illinois Constitution. A day's day was to be allowed for subject of a convention which will begin Dec. 8.)

The Constitution of 1818 had provided that the Illinois General Assembly by a two-thirds vote might submit from time to time the question of calling a convention to alter or amend the fundamental laws.

Pursuant to this provision, such proposition was submitted to the voters in 1824, and again in 1842, but met defeat each time at the hands of the people.

The General Assembly of 1844 submitted another call to be voted on in 1846, at which time the proposition was carried. The convention elected on April 19, 1847, assembled at Springfield June 7 of that year.

The Constitution drafted by this convention was adopted by it Aug. 31, 1847, and was ratified by a vote of the people March 6, 1848. It went into effect on April 1, 1848.

The new Constitution marked a great advance in political organization—an advance made necessary by the progress of the state since its formation in 1818.

Since 1818, the drift through the whole country had been toward popular government.

The most marked change associated with this trend was the curtailment of powers of the legislature, extending the election of subordinate officers to the people, and vesting in the governor alone a qualified veto similar to that previously given to the governor and Illinois Supreme Court judges.

Further, the powers of the legislature were limited by requiring general laws to reflect the will of the people; by forbidding the granting of extra compensation to officers

SIU-SW Health Services Becoming 'Mini-Hospital'

Rapid expansion of the faculty, staff and student body at the Southern Illinois University-Southwestern campus is gradually transforming the University Health Services into a mini-hospital.

After a banner year in 1969, during which 13,657 persons made use of the service at the campus, the university health facility has been bolstered by the addition of more professional personnel and a 24-hour ambulance service.

Dr. Morton H. Kirsch, acting director of Health Services, said six full-time and two part-time nurses, plus two full-time physicians are now on duty. Another doctor is expected to be added to the staff in the near future.

A 24-hour ambulance service was initiated Aug. 1, and is manned by a complement of 14 SIU-trained drivers. George A. Alstet, head of the ambulance service, said two fully-equipped vehicles cover the university, and are hooked into the security office communications system.

"These are two of the best equipped ambulances in the area," Alstet said, "complete with an and fm radio to soothe shock victims."

The health services facility is available to all university personnel and is open from 8 a.m. to 10 p.m. Mondays through Fridays.

Although the on-campus medical unit is closed on weekends, the ambulance service is available through the security office. Persons must call for the attention after closing hours or on weekends are taken to St. Elizabeth Hospital in Granite City.

The mini-hospital is set up to treat any acute or emergency illness, according to Dr. Kirsch. It features three examining rooms, an emergency room, and a pharmacy. Future plans call for a laboratory and an infirmary.

Mrs. Virginia Armstead, head nurse, reports that the average work load is 30 to 40 patients a day. However, during the winter months this number soars to 60-70, as the university succumbs to its natural enemies, colds and sore throats.

SIU-SW's Services is trying not to break last year's record of patients attended. An early flu-vaccine campaign has already been launched.

Much to the joy of many and the chagrin of others, the expanded mini-hospital is expected to keep many of its annual patients in class more days than ever before this winter.

Price Seeks Release Of Funds For Schools

Rep. Melvin Price (D) 24th Illinois District, announced this week his cosponsorship of a joint resolution in the House of Representatives providing release of additional funds to local education agencies for the current fiscal year.

The resolution, Cong. Price explained, allows "our schools to receive full benefit of the previously House-passed education appropriations bill to which we added nearly \$1 billion for various essential education programs."

At the present time, schools are receiving funds at reduced levels because the Administration's budget recommendations for the current fiscal year are lower than the House-passed bill and the anticipated Senate version of the education money bill.

"As a result," Price said, "schools are forced to either cutback essential operations or to consider additional bond issues which could raise local tax rates."

Nominee Says Voters Should Select Judges

Wendell Durr of Edwardsville, one of the nominees for Illinois constitutional convention delegate, today cited U.S. Supreme Court nomination disputes as evidence that appointment of judges is not as efficient as judges elected by voters.

He favors constitutional expanding election procedures in the Illinois court system.

"No governor has the time to look into every qualification of the thousands of judges needed and of necessity must rely on the recommendations of others, who may have axes to grind and who are not at all responsive to the wishes of the taxpayers of the state," the candidate commented.

"We must hear no more argument that the common voters are ignorant and elect judges because they do not know the law. The natural sequence of such an argument would be to deprive average voters of the right to elect their president, governor, senators, judges, members of the general, auditors and superintendent of public instruction."

Salvation Army Expands Booth Memorial Hospital

A \$400,000 new wing to the Salvation Army Booth Memorial Hospital located at 3740 Marine avenue, St. Louis was dedicated recently in order to better serve the needs of the underserved poor.

Capt. Harold Thomas of the local Salvation Army pointed out that one of the lesser-known services rendered daily by the Salvation Army throughout the world is that of its program geared to the needs of the underserved poor.

At the hospital in St. Louis, the best medical care is given, a home is provided for the girl as she awaits the birth of her child and work is provided if physician and patient agree. Since many are high school drop-outs, a regular education program has been initiated enabling the girl to continue working toward her diploma during the period of confinement.

The St. Louis Booth Memorial Hospital has been operated by the Salvation Army since 1888. Its annual budget is underwritten by fees, contributions, United Fund allocations and by the organization's service unit committees located throughout the two-state area.

The doors are open to any girl in need regardless of race, creed or place of residence as well as a social caseworker offered to each patient.

In 1968 more than 250 babies were delivered at the Booth Memorial Hospital. The hospital administrator is Salvation Army Major Ruby Mae DuBois. The medical director is Dr. David Rothman who serves as chief of staff.

Facilities in the newly dedicated wing include a 15-bed addition, a 15-businet nursery, waiting room, formula preparation room, two delivery rooms, sterilizer room, two labor rooms, laboratory, nurses' station and shower rooms for doctors and nurses.

Levee Board Wants \$46,000 Owed It by East St. Louis

The East Side Levee and Sanitary District will press for some arrangement under which the city of East St. Louis will pay the levee district more than \$46,000 in sewer rental fees which the city has collected from its sewer users but never has turned over to levee officials, according to action taken by levee board trustees.

The problem has been referred to Levee District Atty. John Hoban with instructions from the trustees to "get together with the city" to see what payment plan might be worked out, even if it involves an installment system by which the city could pay the fees to the levee district over a period of years.

Hoban suggested that the district also attempt to get the city on a current basis, turning in its future collections as they are received, rather than permitting the unpaid balance to grow any larger.

The debt incurred by East St. Louis represents fees paid by 2260 East St. Louis residents who are served by sewer lines which discharge into the Land-downe sewage treatment plant which was built by and operated by the levee district. The same sewage disposal system serves residents of Madison and Venice in Madison county as well.

When the treatment plant was placed in operation in July 1967, sewer users were assessed a fee based on a graduated scale starting at \$1.15 per month to finance payment of bonds that were issued to build the treatment plant, East St. Louis was granted permission to make collections from East St. Louisians using the levee district system.

While the first step of the fee scale was \$1.15 per month, and then rose in varying steps on the basis of water galleage used.

East St. Louis assessed its residents only \$1 per month. Since the beginning of the fee assessment, East St. Louis has paid none of the money to the district, according to levee board officials.

Several meetings have been held with East St. Louis officials during the past few months in an effort to obtain payment of the fund. During those meetings, levee officials agreed to a payment of 90 cents per month for each user, which would amount to \$44,748 owed the levee district as of May 1 this year. An additional \$2004 is due since May 1 to date, levee officials said this week.

District Needs Money William "Mike" Ebersoldt of Venice, Madison county member of the levee board, said he did not consider it fair to Venice and Madison sewer users to pay the fee if East St. Louis is going to withhold the money owed the levee district. The money is needed to finance bond payments, operate the treatment plant and maintain the system, Ebersoldt said.

Levee board members said that East St. Louis has been planning construction of its own sewage treatment system, in which case the city would discontinue its use of the levee district plant. They noted, however, that East St. Louis, which is facing critical financial problems, has not yet been able to raise the money necessary for its own operation.

Board members said they would be agreeable to payment of the sewer fund by East St. Louis over a period of ten years, so long as the city continued using the levee district sewers, but that if the city built its own system and disconnected from the levee district plant, payment would be demanded over a three-year period.

LARRY J. PIEPER

Larry Pieper Joins Funeral Home Firm

Larry J. Pieper, 21, son of Mrs. Ann Pieper, owner and operator of Pieper Funeral Home, 1929 Cleveland blvd., has received full certification as a licensed funeral director and embalmer. He will join his mother in operating the local funeral establishment.

Pieper recently completed all requirements as a mortician and director following general studies at Southern Illinois University-Carbondale campus and formal education in mortuary science at the Cincinnati College of Mortuary Science and the University of Cincinnati.

A January 1966 graduate of Granite City high school, Pieper served his final year of apprenticeship at the family's funeral home. While studying in Cincinnati, he also served as a Red Cross first aid instructor.

He is a member of the Ambassador Club of the Tri-Cities Chamber of Commerce and serves as member-at-large for the Boy Scouts of America. He also holds membership in the Granite City Optimist Club, St. Joseph Catholic Church, Knights of Columbus and the Third Degree, and the National Illinois and Madison County Funeral Directors associations.

The newly-certified director is the third generation of the Pieper family to operate the Granite City mortuary.

\$250 Burial Expenses Available for Veterans

Up to \$250 for the burial expenses of an eligible deceased veteran will be paid by the Veterans Administration without regard to whether the interment is in a national cemetery or a private burial place, according to John B. Naser, manager of Veterans Administration's regional office in Chicago.

The VA spokesman said that the allowance is payable in the case of wartime veterans, including those who have served after Aug. 4, 1964. He added that peacetime as well as wartime veterans are eligible for burial in any national cemetery that has available space. The only requirement is that their last period of active duty must have ended with an honorable discharge.

National cemeteries open in this state are Camp Butler (Springfield), Mount City, Quincy, Rock Island and Alton. Administered by the Department of the Army, the benefits are for grave site and actual interment in the national

cemetery including opening, closing and marking the grave. The Army also furnishes a headstone or grave marker for deceased veterans buried in unmarked private plots.

Information and assistance on filing for these Army-administered benefits will be furnished by any VA office, he said. Claims for the burial allowance may be filed with the VA within two years after the veteran's burial or cremation. The claim may be filed by the undertaker, if he has not been paid, or by the party who paid the undertaker, Naser said.

Daylight Saving Time Ends Oct. 26

Daylight saving time will end at 2 a.m. on Oct. 26. The six-month span of summer time started on the last Sunday in April when clocks were advanced one hour, and will end on the last Sunday of October, when clocks will be set back an hour.

National School Lunch Week Being Observed

National School Lunch Week has been declared for this week by the President, state governors and many mayors. It was noted today by Wilbur R. L. Trimpe, Madison county superintendent of schools.

"Good eating habits are stressed in our type A lunch offered in our schools, Trimpe said. "The lunch was designed to meet one-third of the child's daily requirements and consists of two ounces of protein, three-fourth cup of two or more fruit-vegetable combination, a slice of enriched bread, one teaspoon of butter or fortified margarine and a half pint of milk."

"Special effort is made to include foods rich in vitamins C and A," he added. "This guideline was established for youngsters 10 to 12 years of age. In the second schools food amounts are increased and 'filler-ups' added."

Public, private and parochial schools in the county serve about 28,869 lunches daily, Trimpe said.

Annual Folk Festival Set Saturday, Sunday

The fourth annual Clayville Folk Festival will be held at Clayville, Ill. Saturday and Sunday from 10 a.m. to 6 p.m. Hundreds of authentic arts and crafts will be on display, including carding, spinning, weaving, china painting and many others. Special entertainment will include folk songs and dancing as well as muzzle-loading gun demonstration.

Home-Sewing Image Changes

There was a time when the term "homemade" meant almost anything but "stylish." But times have changed.

Today's seamstress has ac-

style designs, sophisticated patterns, improved sewing machines and professional instruction. As a result of all these improvements, home sewing has become one of the nation's ten fastest-growing industries. Last year, according to the New

emphasize the "desire to be creative" rather than to save money. But the financial saving involved in making your own clothes is significant—as much as a 50% saving when compared with ready-to-wear

Nectarines—A Good Buy
Local produce markets now have ample supplies of nectarines, a member of the vitamin A-rich fruit group that also includes peaches, apricots and

Before pressing a deep-pile fabric, carefully test-pressure a scrap of the material. Press fabrics on the wrong side over a needleboard. Or place a turkish towel or piece of the fabric on the ironing board and press the garment on the wrong side.

Set your iron on the low steam setting and don't put the full weight of the iron on the fabric.

If the pile mats or flattens when the test fabric is pressed, don't attempt to press the garment. Use finger pressing.

Some deep-pile fabrics are washable and some are not. Be sure to check the bolt label for care instructions before buying.

Legal Tip—Informal Board Meetings 'Better' in Saloon

The Madison county zoning board of appeals, attacked last week for holding a closed meeting at the courthouse, has been advised to hold "social sessions" in a saloon.

The advice came from Marshall Smith, assistant state's attorney, as a way of getting around provisions of state law requiring open public meetings by public bodies. It was learned by the Press-Record Thursday afternoon.

The zoning board said it had a right to hold closed meetings under a section of state law on public meetings.

In a legal opinion, Smith said "this section does not prevent an advisory committee appointed to provide a public body with professional consultation on matters germane to its field of competence from holding a closed session to consider matters of professional ethics and performance."

"It is my opinion that this section does not apply to the zoning board of appeals," Smith added that he doubted if

board members could qualify as professional consultants on zoning matters.

He continued, "rather than make an issue of this, I would like to suggest that your good board follow a common practice. Saloons still provide a sanctuary for persistent creditors, haranguing wives and noisy reporters."

If a reporter should follow you over to Vanzo's (a tap room across the street from the courthouse) it is highly unlikely that he would have the gall to sit down at a social gathering. However, no formal action should be taken at these social gatherings.

"As a further bit of advice, you must realize that public meetings are near and dear to every reporter. To question their right under the law is kindred to asking a proud father if he is really going to let his little daughter be married in white."

"It will always create a commotion, and commotions should be avoided."

ABOUT THIS QUESTION:

"Umbrella Liability insurance, whether personal or business, indemnifies the insured for all items which he may become legally obligated to pay because of personal injury or property damage to another. Does the Umbrella coverage apply as 'excess' over primary liability policies and also to gaps in other coverages?"

Park District Gymnastics, Twirling, Slimettes Start

Diversified programs appealing to all ages and tastes continue to be the policy of the Granite City park district which this week will begin its fall and winter classes in tumbling and gymnastics, baton twirling and the women's Slimette program.

Starting Tuesday evening at Parkview school and Wednesday at Niedringhaus school, the Slimette program initiates its seventh year in the district's overall schedule.

Due to increased popularity, classes have been extended to two schools this year. Both weekly sessions will begin at 7 p.m. and end at 8:15.

Designed for adult women of any age, the Slimette series is available to park district residents without cost. Activities include exercises, volleyball, basketball and square dancing.

Tumbling-Gymnastics. Also beginning this week is the tumbling and gymnastics program for boys and girls in grades one through 12. Another series of activities that has

gained in attendance each year, the gymnastic classes for beginner students will be conducted from 6 to 7:30 p.m. each Wednesday at Niedringhaus school and from 4 to 5:30 p.m. on Thursdays at Frohardt grade school.

Intermediate and advanced classes will be held Monday and Thursday evenings at the park district community center, 822 Niedringhaus avenue. Intermediate students will attend from 6:30 to 7:30 p.m., with advanced students the following hours.

Baton Twirling

Free baton twirling lessons will be offered each Wednesday from 4:15 to 5:15 p.m. at Nameoki grade school, starting this week. Participants must be new to twirling and qualify as beginner pupils.

Classes will be limited in size and children in grades one through six may take part. Girls may wear shorts or slim jims for the twirling sessions. Participation in any park district program is free to district residents, but all are re-

quired to pay a \$1 insurance fee with the exception of those active in wrestling, gymnastics and baseball. Special provisions have been made for those enrolled in the latter three programs and information about them may be obtained from the Wilson Park office.

Non-residents of the district are required to pay a \$3 fee for each activity entered. Children and adults having purchased insurance coverage earlier this year are not required to pay an additional fee until the renewal date.

All Types of Roles Open For Fractured Follies Fete

Edward J. Hamilton, producer-director of St. Elizabeth Hospital Auxiliary's "Fractured Follies" variety show, today sent an urgent call through the Quad-Cities for more volunteers to join the cast of the upcoming musical.

"We need men and women, age 16 and up, especially the men," Hamilton said today. "We have a place for everyone who wants to volunteer their services from walk-on roles to singers and dancers. Come out and enjoy the fun," he added.

Persons wishing to join the revue cast are invited to attend rehearsal sessions, set for 7:30 p.m. today, Wednesday and Friday at the VFW hall, 200 Washington avenue. Additional practice sessions for women are conducted daily at

the VFW hall, starting at 9 a.m.

The "fast-moving, fun filled" revue, featuring showgirls, kicklines, comedy skits and musical production numbers, will be presented Friday and Saturday, Oct. 24-25 at Granite City high school auditorium. Proceeds will be used by the Auxiliary to benefit St. Elizabeth Hospital.

Tickets are available from auxiliary members, at Graham's Book store, or at the hospital coffee shop.
